

Castle[®]
PACKS POWER

Ahead of the Rest

2014 - 2015

Welcome to our proud “Family of Products”

Merging Finger Lakes, Castle, Econo, and Echo products into one catalog displays

America’s broadest line of professional cleaners, lubricants, and dressings.

Decades of research and development have helped us create a deep, multi-dimensional picture. Five sound reasons why the Castle Group is your best value:

1 PROFITS

Since 1967 our trademarked packaging and patented formulas have given exciting new profit opportunities.

2 SUPPORT

Service menus, training seminars, POP displays, radio and TV tags, and apparel.

3 FACTORY DIRECT

Your Distributor pulls from our regional warehouses, providing you service with no freight, no minimum!

4 HI-TECH

Product Technical Info is constantly updated. We help you satisfy your “User Right to Know” responsibilities!

5 SAFETY

We help you comply with government regulations. You’re provided the industry’s most complete SDS Book.

The **Castle Racing Team** was started in the early 1970’s with the inception of the **Castle Dragon Fire Dragster**. Billed as the “Fastest Rambler in America”, it was the beginning of the company’s decades of fun with Motorsports. Over the years Castle cars and crews have been spotted at drag strips, dirt tracks, and asphalt circuits around the country.

1980’s: J.D. McDuffie uses Castle in his shop and Castle on his #70 Pontiac in the Winston Cup Series.

2002 – 05: Castle unveils its “Racing for Clean Air” Campaign, with **Andy Santerre** as Racing Team Captain. Andy’s bio shows that he was NASCAR Busch North Series (BNS) Rookie-of-the-Year in 1993 and NASCAR Busch Series Rookie-of-the-Year in 1998. Santerre would go on to win four straight BNS Points Championships (2002-2005).

2006: Andy retires from racing to concentrate on building race cars and tutoring young drivers as Andy Santerre Motorsports (ASM). Signs Sunoco 2005 Rookie-of-the-Year, **Sean Caisse**, and signs a short-term contract to work with **Joey Logano** who is part of the Joe Gibbs team.

2007: ASM fields a car for Dale Earnhardt, Inc (DEI), development driver **Jeffrey Earnhardt**, grandson of Dale Earnhardt and son of Kerry Earnhardt.

2008: ASM signs **Peyton Sellers** and fields a car for Richard Childress Racing (RC), development driver **Austin Dillon** who drives the #3 for his grandfather’s team – the first time the number is used since Dale Earnhardt.

2009: ASM rookie driver **Brett Moffitt** becomes the youngest in Camping World Series history to sit on the pole, win a race, and lead in the overall point standings.

2010: Santerre becomes the Director of Competition for Revolution Racing and the NASCAR Drive for Diversity Program. **Sergio Pena** finishes second behind Joey Logano at the season-opening NASCAR Toyota All-Star Show-down. 16 year old **Darrell Wallace, Jr.**, wins Rookie-of-the-Year becoming the youngest driver and first African American to win in series history.

2012: Andy Santerre fields two cars for Hattori Racing Enterprises (HRE), formed by **Shigeaki Hattori**, a former championship-winning racer. **Kyle Larson**, of Rev Racing, is NASCAR K&N Series Champion.

2013: Two-time AMA Grand National Champion and AMA Motorcycle Hall of Fame inductee

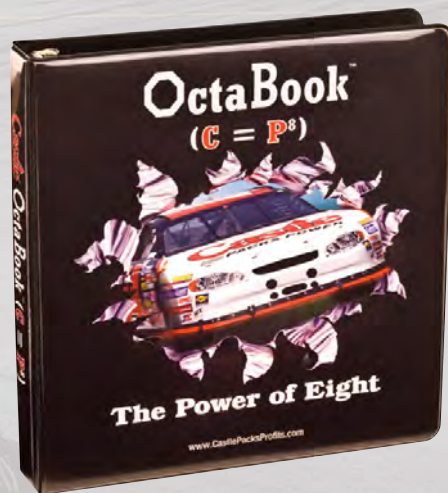

Randy Goss joins the Castle team as a Florida Employee Direct (FED) Distributor.

2014: Castle helps promote “UNOH Battle at the Beach” an integral part of NASCAR’s opening week at Daytona.

Preventive Maintenance Service Areas

Castle[®] Octa Services

1. Fuel Service
2. Deluxe Oil Service
3. A/C Cabin Air Service
4. Battery Service
5. Brake Service
6. Power Steering Service
7. Transmission Service
8. Driveline Service
9. Coolant Service
10. Headlight Service

VOC - OSHA - HCS - GHS - SDS - DOT

We continue to provide our customers with the most up-to-date information as soon as we receive it. The Castle family of products meet the low volatile organic compound (VOC) regulations. OSHA's new Hazard Communication Standard (HCS) which aligns with the United Nations Globally Harmonized System of Classification and Labeling of Chemicals (GHS) requires new Safety Data Sheets (SDSs) and updated labeling of products. Our packages for transport will follow DOT's new rule, HM215K, that phases out Consumer Commodities and replaces it with a black bordered diamond with black points in the top and bottom.

FUEL SYSTEM SERVICE KITS

Fuel Induction Service

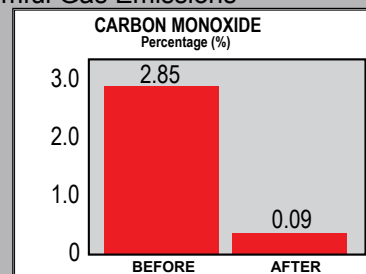

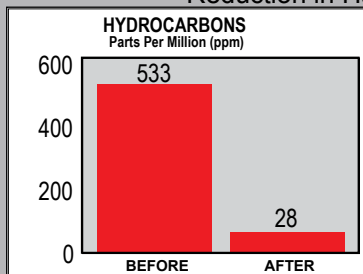

CPP063

CPP064

Ultimate Tune-Up™ Test Reduction in Harmful Gas Emissions

Tests also indicate that levels of oxygen and carbon dioxide become regulated for the highest level of fuel efficiency and vehicle performance. For more info, go to: www.passemissionstest.com

Fuel Injector Service

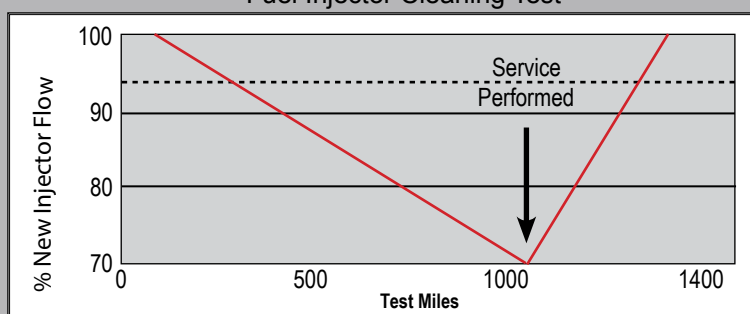

CPP093

CPP094

Fuel Injector Cleaning Test

Independent test data show full restoration of fuel injector flow to like-new condition shortly after service. For more info, go to: www.CastleUltimateTuneUp.com

FUEL SYSTEM SERVICE TOOLS

Vac-U-Power® Tool
Part No. CPP063D
U.S. Patent No. 6,530,392

Ultimate Cylinder
EFI7448

Castle Induction
(CI™) Tool
EFI986S

We have tried many different products over the years and have found Castle Products to be superior to the rest. As far as service goes, no one comes close.

Terry Harrison
Fixed Operations Director
Ralph Honda - Rochester, NY

Vac-U-Power™

- Concentrated Liquid Fuel System Cleaner
 - Limpiador Liquido Concentrado para el Sistema de Combustible
 - Mettre au Point Ultimate
- Provides a fast, potent, dependable way to remove carbon deposits from intake valves and combustion chambers. Used with Castle Vac-U-Power Tool.
- 16 oz. Can, Part No. C1637**

Rail Power™

- Cleans Intake Valves, Fuel Injectors and Combustion Chambers
 - Equipo para la Limpieza de Inyectores
 - Nettoy soupasse D'admission, Injecteur de Combustible et D'explosion
- Formulated to solve drivability problems such as hard starting, stalling, poor mileage and loss of power.
- 20 oz. Aerosol, Part No. C2037**

Hydro Blast™

- Intake Valve and Combustion Chamber Cleaner
 - Limpiador para la Válvula de Admisión y la Cámara de Combustión
 - Valve de Prise, Soupape D'admission et Nettoyeur Chambre Combustible
- Reduces carbon deposits on the intake valves and in the combustion chambers. Applied through PCV system.
- 16 oz. Aerosol, Part No. C1635**
20 oz. Aerosol, Part No. C2027

DIESEL SERVICE KITS

CPP992

Castle Diesel Service Kit

This 3-step cleaning system is designed to be used with either the Ford EGR Cleaning Tool or the Diesel Clean Canister. Formulated to provide you with an effective fuel service for cleaning the intake, injectors and EGR passages in today's diesels. Removes deposits, restores fuel economy and provides a valuable maintenance service.

Treated Untreated

DIESEL SYSTEM CLEANING TOOLS

CDT001

Ford EGR Cleaning Tool

Used with the 3-Step Castle Diesel Service Kit, the Ford EGR tool thoroughly cleans and removes EGR manifold deposit buildup in Ford 6.0L diesel engines and restores EGR function.

- Eliminates the need for engine tear down
- Provides for a quick and easy maintenance service
- Save on costly future repairs

CDT002

Diesel Clean Canister

Provide a quick and effective diesel fuel system using the Castle Diesel Clean Canister. When used with the Castle 3-Step Diesel Service Kit you will clean the entire fuel system of harmful deposits, restore performance and power and also reduce emissions.

- Use as an effective fuel system maintenance tool
- Removes combustion chamber deposits

Cleans-Rite Diesel™

Formulated especially for cleaning diesel air intake and EGR valve systems. It is comprised of detergents, dispersants, and solvents that work together to effectively dissolve carbon, gum and varnish deposits.

8 oz. Part No. C0890

Vac-U-Diesel™

- Diesel Fuel System Cleaner
 - Limpiador para el sistema de combustible diesel
 - Diesel system cleaner de carburant
- Cleans injectors and restores flow through EGR cooler and induction system. Removes carbon, gum, and varnish safely and completely from the diesel fuel system.

16 oz. Part No. C1693

Dragon Power Diesel™

- Diesel Fuel Treatment with ULS Lubricity
- Tratamiento diesel del combustible con la lubricidad de ULS
- Traitement diesel de carburant avec l'onctuosité d'ULS

Improves fuel economy and fuel stability, and keeps engine running cleanly and efficiently. Reduces exhaust emissions, cleans injectors, increases cetane and corrosion protection, reduces power loss and serves as an upper cylinder lubricant.

16 oz. Part No. C1690

5 Star™

EPA #019420014

- Diesel Conditioner
- Acondicionador diesel
- Conditionneur diesel

Diesel fuel treatment and conditioner keeps engine running cleanly and efficiently, while enhancing fuel cold flow properties in sub-zero temperatures.

16 oz. Part No. C1691

32 oz. Part No. C1691-32

ICE Buster™

ICE Buster de-ices diesel fuel systems fast. De-ices frozen fuel filters and reliquifies gelled fuel. Contains ULS lubricity to protect components during de-icing. Effective in ULSD and Biodiesel.

32 oz. Part No. C1692-32

Castle® ...KING OF FUEL TREATMENTS

HIGHWAY 95™

Specially developed to cure problems associated with water contamination in today's ethanol fuel blends. Castle® Highway 95™ completely reverses fuel separation, cleans injectors and other critical fuel system components, and acts as a stabilizer.

8 oz. Double Neck Bottle, Part No. C9595

2 oz. Bottle, Part No. C0267

8 oz. Bottle, Part No. C0867

16 oz. Bottle, Part No. C1667

Castle 95 is the
best fuel stabilizer
I have ever seen.

Dave McMaster
NASCAR Engine Builder

XP™

- Extra Performance Maintenance Treatment
- Tratamiento para el Mantenimiento
- Traitement de Performance extra

Cleans all parts of the fuel system, including fuel injectors, internal carburetor parts and PCV system. Excellent for use as a fuel stabilizer.

8 oz. Bottle, Part No. C0813

Fireball™

- Fuel Injector Cleaner
- Limpiador para los Inyectores de Combustible
- Puissant/Fonctionne Vite

Powerful, fast-acting formula to clean fuel systems and restore performance in just one tank of gasoline.

8 oz. Bottle, Part No. C0815

www.CastleFireball.com

Fireball Plus™

- Fuel Injector plus Intake Valve Cleaner
- Limpiador de Inyectores y Válvula de Admisión
- Nettoyeur d'injecteur de combustible plus soupape d'admission

The "Professional's Choice" complete fuel system cleaner.

Removes carbon from intake valves and pistons.

12 oz. Bottle, Part No. C1202

Dragon Power™

- Professional Fuel System Cleaner

Guaranteed One-Tank Results. It removes deposits from the entire fuel system including fuel injectors, intake valves, combustion chambers, and fuel rails. This exclusive formula is safe for all gasoline. O.E.M. approved.

16 oz. Bottle, Part No. C1638

Power™

- Octane Booster

This EPA-registered formula increases octane by 10 points, the maximum allowable by law. Reduces spark knock, cleans entire fuel system, and lubricates upper cylinders. Boosts engine performance.

16 oz. Bottle, Part No. C1636

6 oz. Bottle, Part No. C0636

* All fuel treatments also available in bulk sizes.

POWER STEERING SERVICE

Contains a complex mixture of antioxidants and anti-wear agents. This protects against excessive wear in the spool valve housing, prevents fluid breakdown and extends the life and lubricity of the fluid. Special conditioners keep seals pliable, preventing fluid leaks.

CPP831

CPP832

Test Pads
EA02-16T

• Reduces Steering Pump Noise

• Prevents Excessive Wear

• Restores Performance

BRAKE FLUSH SERVICE

- Prevents Brake Line Rust
- Increases Reliability and Safety
- Prolongs Component Life

EA02-22

Test Strips
EA02-21T

CPP090

DELUXE OIL SERVICE

- Helps remove sludge and oil contaminants
- Conditions the fresh oil, preventing oxidation and thickening.
- Castle OEG increases fuel efficiency while protecting against rust and corrosion of engine components.

CPP829D

CPP847

• Reduces Friction & Wear

• Stops Sludge Build-Up

• Keeps Engine Clean

Castle® PACKS PREVENTIVE MAINTENANCE

COOLING SYSTEM SERVICE

Test Strips
C1208-D

- Restores Proper pH
- Prevents Corrosion
- Extends Coolant Life

Dissolves cooling system deposits, is harmless to all cooling system components, and restores coolant flow for trouble-free operation.

Cool Flo is safe and effective in all types of coolant and restores proper pH while protecting the entire cooling system.

Quick Stop adds internal leak protection to prevent head gasket and other internal leaks while sealing the heater core and radiator.

CPP004

Castle®

DRIVE LINE SERVICE

Castle Gear Lube+ is a full synthetic formulation with a built-in limited slip additive.

Used in a variety of domestic and import applications where a high quality synthetic gear oil is called for.

Castle Gear Lube+ will reduce wear while increasing fuel economy and protecting driveline components under the toughest conditions.

HEADLIGHT RESTORATION SERVICE

Castle HEADLIGHT Restoration Kit is the professional's choice when it comes to restoring vehicle headlights to like new condition..

A/C CABIN FRESH AIR SERVICE

CPP038

The Fresh Air Service eliminates foul odors from heating and A/C systems caused by mold, mildew, cigarette smoke, etc., by using an EPA registered disinfectant. Fresh Air Fragrance is added to the washer fluid reservoir to distribute a pleasant fragrance throughout the vehicle.

- EPA Registered
- Kills Bacteria & Fungi
- Pleasant Fragrance

AC Tool
Part No. EA02-53123

AC Dye

Meets OEM Specifications
Air conditioning compressor lube with tracer dye for finding system leaks. Safe for all types of Pag and Ester Oils.
1.5 oz. Bottle, Part No. C33002

Helps Locate Leaks

BATTERY MAINTENANCE SERVICE

CPP502

Battery Anti-Corrosion Pads
Dual Mount, Part No. EA03-50

- Detects Acid Leaks
- Prevents Corrosion
- Prolongs Battery Life

Corrosion-Off™

- Battery Cleaner with "Detex™"
- Limpiador de Batería con "Detex™"
- Nettoyeur de Batterie avec "Detex™"

Amazingly simple way to completely clean a battery and also locate all acid leaks. "Detex™" will turn battery acid bright red.

3 oz. Aerosol, Part No. C0314
16 oz. Aerosol, Part No. C1614

Long Life™

- Battery Protector
- Protector para Batería
- Protecteur de Batterie

Stops battery corrosion and increases battery life.

3 oz. Aerosol, Part No. C0307
16 oz. Aerosol, Part No. C1607

Castle® Brake Maintenance

Brake Bath™

- Low VOC brake parts cleaner
- Non-chlorinated formula cleans brake parts without having to disassemble the brake unit.
- 20 oz. Aerosol, Part No. C2097

Brake Life™

- Brake lubricant and dielectric grease
 - Lubricante y grasa dieléctrica para frenos
 - Lubrifiant du frein et graisse diélectrique
- A superior brake lubricant with 100% silicone formula that can also be used as dielectric grease in electronic connections.
- 8 oz. Power Pack, Part No. C0837

Brake Life C™

- 100% ceramic brake lubricant with real ceramic solids for extreme performance under critical braking conditions. Reduce shop expense with a single use 10 pack.
- 8 oz. Bottle, Part No. C0838
- Job Size Ten Pack, Part No. CPP539

PREFERRED WET BRAKE CLEANING METHOD:

Finger Lakes T-Machine exceeds all regulation mandates for the OSHA preferred method. Is a safe and economical solution for cleaning automotive brake systems. Environmentally conscious buyers can comply to OSHA brake cleaning by using Finger Lakes System Chemistry.

T-Machine
 Part No. FLSC-T300

Squeal X™

- Conditions new brake pads
 - Elimina el chillido en los frenos
 - Conditionne plaquette de freins
- Formulated to eliminate brake noise and squeal when used on a new pads. Guaranteed when used as part of any Castle brake kit.
- 6 oz. Aerosol, Part No. C0602

QT™

- Stops vibration
 - Silenciador de disco de freno
 - Arrête vibration des plaquettes de freins pour prévenir gincement
- Stops vibration of brake pads in calipers to prevent squeal.
- 16 oz. Aerosol, Part No. C1627

Meta-Seal™

- Brake silencer
- A spray on metalizing treatment to prevent brake noise at the source. The microfine aluminum particles form a molecular bond with the rotor/drum friction surfaces, ending annoying vibration and brake squeal. Effective on all brake systems, foreign and domestic.
- 20 oz. Aerosol, Part No. C2093

Lower Your Shop Expenses with **Castle**® Brake Kits!

Create Your Own Brake Kit

Choose a solvent:

Add brake fluid:

Add squeal protection:

Add refinishing discs:

- 2" Coarse quick-change disc
(EAD3150)

- 2" 36-grade zirconia quick change disc.
(EAD8422)

Add shop gloves:

- Black Lightning
(EA07-8130)

Add a lubricant:

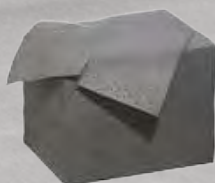

-Mini Brake Life C

-High Temperature ceramic brake lubricant
performs in extreme conditions.
Job Size (C0838-J)

Clean-up Compliance:

-Absorbent Mat

Castle® WORLD CLASS QUALITY...

Kleenz-Oil Flush™

• 10 Minute Oil Flush

Mild oil system flush formula works quickly to break through and soften deposits of oil, dirt, and sludge.

16 oz. Bottle, Part No. C1646

OEG™

• Oil Efficiency Guarantee

Provides 2% fuel efficiency increase, extends engine life with the most advanced friction modifiers on the market to prevent component failure.

16 oz. Bottle, Part No. C1647

OES™

• Oil Supplement for Deluxe Oil Change

• Suplemento para el Aceite

• Huile Supplément

Quality blend of essential additives that prevent sludge and reduce engine friction and wear.

8 oz. Bottle, Part No C0847

Mega Flush™

A safe, effective formula to clean automatic and CV transmissions.

8 oz. Bottle, Part No. C0826

TC-12™

Rejuvenates fluid trapped in torque converter. Lubricates, helps prevent varnish build up, and prolongs transmission life.

12 oz. Bottle, Part No. C1225

CV-12™

Concentrated treatment meets lubrication requirements for CVT transmission systems. Fights high temperature breakdown while reducing oxidation, extending fluid life.

12 oz. Bottle, Part No. C1224

Power Steering Flush™

Safely removes varnish deposits, while preparing power steering systems for new fluid.

8 oz. Bottle, Part No. C0841

Power Steering Fluid and Conditioner™

• Líquido y Acondicionador para el Sistema de Volante

• Conditionnant et Fluide pour Direction D'assiste

Formulated to meet or exceed all performance requirements for most foreign and domestic cars.

Reduces friction and helps quiet noise.

12 oz. Bottle, Part No. C1203

64 oz. Bottle, Part No. C0641

64 oz. Bottle Red Fluid, Part No. C0641-R

64 oz. Bottle Synthetic, Part No. C0640

AC Dye™

Meets OEM Specifications. Air conditioning compressor lube with tracer dye for finding system leaks. Safe for all types of Pag and Ester Oils.

1.5 oz. Bottle, Part No. C33002

1 Gallon, Part No. C33128

ATO™

Air Tool Oil lubricates, protects, and removes deposits. Recommended for frequent and prolonged air tool use.

4 oz. Bottle, Part No. C0445

GOS™

Reduces operating temperature and friction by adding limited slip performance and eliminating rough manual transmission shifting.

4 oz Bottle, Part No. C0444

Synthetic Gear Lube +™

Premium full synthetic gear lubricant formulated to require no additional additives. Provides superior high and low temperature performance and improved thermal stability for wear protection, even in severe service applications.

75W-90 OEM Grade

64 oz. Bottle, Part No. C0642

96 oz. Bottle, Part No. C0962

75W-140 Grade

64. oz Bottle, Part No. C0643

96 oz. Bottle, Part No. C0963

Power Flush™

• Radiator Cleaner

• Limpiador para el Radiador

• Nettoyeur de Radiateur

Modern technology quickly cleans cooling system scale.

12 oz. Bottle, Part No. C120512

Cool-Flo™

• Cooling System Protector

• Protector para el Sistema de Enfriamiento

• Protecteur du Circuit de Refroidissant

Restores coolant to proper pH and corrosion protection.

Prevents scale build-up in cooling systems.

Military Spec. #6850-01085-4717

12 oz. Bottle, Part No. C1212

Also available in bulk sizes

Quick-Stop™

• Radiator Sealer

• Sellador Líquido para el Radiador

• Scellement Radiateur

A fast acting, non-clogging sealer for vehicle radiators and head gaskets.

12 oz. Bottle, Part No. C1236

Rad-Flo™

• Traditional Cooling System Fast Flush

• Líquido para Limpiar el Sistema de Enfriamiento

• Rougissement du Circuit de Refroidissant

Flushes rust, scale, oil and anti-freeze residue in less than 15 minutes.

12 oz. Bottle, Part No. C1205

SHOP SUPPLIES

E-Z Bead Import Gray™

- High Torque Silicone Sealant
- Sellante Alto Del Silicón Del Esfuerzo de torsión
- Haut Mastic de Silicone de Couple

High torque fast cure silicone RTV sealant and gasket maker. Temperature range of -40°F to 600°F (Intermittent to 650°). Resistant to gasoline exposure. Oxygen sensor safe. Meets or exceeds OEM requirements for Acura, Chrysler, Ford, GM, Honda, Hyundai, Isuzu, Mazda, Mitsubishi, Nissan, Subaru, Suzuki, and Toyota.

9 oz. Aerosol, Part No. C0812

E-Z Bead High Temp Red™

- High Temp RTV Silicone Gasket Maker
- Sellador, Hace Juntas y es usado en Altas Temperaturas
- Temperature Haute RTV Fabricant Piston Silicone

High Temp RTV silicone formulated to be used where temperatures reach as high as 600°F, such as high temperature cam and timing chain covers, crossover manifolds, and exhaust manifolds.

8 oz. Aerosol, Part No. C0809

E-Z Bead Low Volatile™

- Low Volatile RTV Silicone Gasket Maker
- Adhesivo, Sellador, Hace Juntas y no afecta los Sensores de Oxígeno
- Volatil Fabricant bas Pour Piston Silicone

Low Volatile RTV silicone exceeds all GM specifications including volatility (Silica Volatile), resistance to oil and glycol, tack free cure time and high temperature range.

8 oz. Aerosol, Part No. C0810

E-Z Bead Supreme™

- Supreme™ RTV Silicone Gasket Maker
- Adhesivo, Sellador y Hace Juntas
- Supreme Piston Marquer Silicone

An RTV Silicone that is high temperature, low odor, low volatile, non-corrosive, resistant to hot oil and glycol, and possesses superior non-leak characteristics.

8 oz. Aerosol, Part No. C0821

E-Z Bead RTV™

- RTV Silicone Gasket Maker
- Adhesivo, Sellador, Hace y Hace Juntas
- Faiseur de piston RTV Silicone

Now with the new E-Z Bead Power Pack™ dispenser, you can make any size, any shape gasket with just the press of a finger.

8 oz. Aerosol:

Blue, Part No. C0806

Black, Part No. C0807

Clear, Part No. C0808

School Bus Yellow, Part No. C0818

White, Part No. C0820

Trim Stick™

- Spray Adhesive
- Adhesivo en Aerosol
- Aérosol adhésif

Excellent for gasket assembly, head liners, etc.

20 oz. Aerosol, Part No. C2006

Big Stick™

- Heavy Duty Spray Adhesive
- Adhesivo en Aerosol para Trabajos Fuertes
- Adhésif Lourd

This "SUPER" strength formula has a professional adjustable nozzle, dries fast and creates a permanent bond every time.

20 oz. Aerosol, Part No. C2041

Pro Mount™

Tire mount and rubber lubricant formulated for superior performance on low profile, run flat, and alloy wheels.

8 lbs., Part No. C2009-8

Applicator, Part No. EA09-79

Copperhead™

- Copper Gasket Adhesive/Sealant
- Adhesivo/Sellador de Cobre para Juntas (Empaques)

- Adhésive Piston Cuivre

Formulated with genuine copper so that it will improve heat transfer and eliminate hot spots.

16 oz. Aerosol, Part No. C1613

Hold Tite™

- Gasket Adhesive/Sealant
- Adhesivo/Sellador para Juntas (Empaques)
- Cuivre Adhesive/Sceau

Fast setting, super strength formulation holds even the heaviest gaskets in place.

16 oz. Aerosol, Part No. C1628

Tire Mount™

- Rubber Lubricant
- Lubricante para Gomas
- Lubrifiant Caoutchouc

Formulated with penetrating and degreasing agents to ease the mounting and dismounting of tires.

1 Gallon, Part No. DE85128

Also available in bulk sizes

Hug™

- Aerosol Tire Bead Sealer
- Sellador para Neumáticos en Aerosol
- Scellant Aérosol Perle Pour Tyre

Creates an air tight seal where tire meets rim.

20 oz. Aerosol, Part No. C2009

KEEPS YOU... AHEAD OF

Cleans-Rite™

- Mass Air Flow Sensor Cleaner

Cleans mass air flow sensors without harming coatings or sensitive components found in and around the vehicle's air intake system. Tested and approved by major OEMs.

6 oz. Aerosol, Part No. C0618

20 oz. Aerosol, Part No. C2018

Dragon Fire™

- Carburetor and Choke cleaner
- Limpiador completo para carburadores, sistema de ahogo y sistema de Valvulas de Escape
- Nettoyeur du Carburateur et Starter

A complete cleaner for carburetors, automatic choke linkage, and PCV systems. Contains "Resi-Lube" for residual lubrication for all moving parts. Harmless to oxygen sensors.

8 oz. Aerosol, Part No. C0817

20 oz. Aerosol, Part No. C2002

Gang Buster™

- Carburetor and Choke cleaner
- Limpiador para el Carburador y el Sistema de Ahogo
- Nettoyeur de Carburateur et Starter

Non-chlorinated cleaner for carburetor and automatic chokes.

20 oz. Aerosol, Part No. C2019

Thrust™

- Penetrating Oil
- Aceite Penetrante y Lubricante
- Huile pénétrante

Exclusive "Ion-Activated" formula won't burn off; has super affinity for metal to give it a powerful penetrating action. Foams on so it won't run off. Additive "M" provides lubrication and resists high temperatures.

8 oz. Aerosol, Part No. C0805

20 oz. Aerosol, Part No. C2005

Also available in bulk sizes.

Torch™

- Pure Penetrating Oil
- Aceite Penetrante
- Huile Pénétrante Pure

A Hi-Tech foaming action formula loosens the toughest nuts and bolts.

16 oz. Aerosol, Part No. C1697

Super 50-5™

- Penetrant, Lubricant, Demoisturant, Rust Preventative
 - Penetrante, Lubricante, Previene la Corrosión y Elimina la Humedad
 - Penetrant, Lubrifiant, Déhumidifiant, Préventif de Rouille
- Penetrates rust, lubricates, stops squeaks, reduces friction, rustproofs for months and dries wet engines for fast starts.

8 oz. Aerosol, Part No. C0811

20 oz. Aerosol, Part No. C2011

Big 5™

- Heavy Duty Silicone Lubricant
- Lubricante Fuerte de Silicon
- Lubrifiant Silicone Lourd

Formulated with 99% pure high viscosity silicone for a slippery protective film. Upside down extension valve.

NSF Registration Number

NSF# 124464

20 oz. Aerosol, Part No. C2004

Pure Silicone Spray™

Same famous 99% pure high viscosity formula that is found in Big 5. Attractive retail package.

8 oz. Aerosol, Part No. C0803

16 oz. Aerosol, Part No. C1603

Shop Solv™

- Shop Cleaning Solvent
- Solvente Limpiador para Talleres
- Dissolvant Nettoyant

A non-chlorinated multi-purpose solvent to clean grease, oil, and cosmoline.

8 oz. Aerosol, Part No. C0894

20 oz. Aerosol, Part No. C2094

24 oz. Aerosol, Part No. C2495

Also available in bulk sizes

White Lithium Grease™

- Grasa Blanca
 - La Graisse Lithium blanche
- Used primarily on door and hood hinges, striker plates, latches, window mechanisms, seat regulators, and other areas where metal rubs against metal.

8 oz. Aerosol, Part No. C0802

16 oz Aerosol, Part No. C1602

Muscle Grease™

- Heavy Duty Red Lubricant
- Lubricante para Condiciones Extremas
- Graisse Lourde

Excels in heavy load and extreme pressure situations. Won't melt, harden or thin from 0°F to 350°F. 100% waterproof, resists corrosion from acids, alkaline, and salt.

16 oz. Aerosol, Part No. C1606

Endura™

- Heavy Duty Clear Penetrating Grease
- Grasa Penetrante para Trabajos Fuertes
- Graisse Lourde Pénétrante

High-strength lubricant with exceptional adhesive capability. Sets up as a long lasting grease that withstands extreme pressures and temperature ranges from -30°F to more than 600°F.

NSF Registration Number
